

Course 5710

Micro Motion Series 5700 Transmitters Training

Prepared by

Micro Motion Inc.

Boulder, Colorado (USA)

Micro Motion Series 5700 Transmitters Training

Agenda

Day 1	
8:00	Introduction to Micro Motion
8:15	Applications
8:45	Theory of Operations – Mass Flow, Density
9:15	Flow Systems
	ACTIVITY 1: Characterizing the 5700 Transmitter Using the Local Operator Interface
	ACTIVITY 2: Save and Load Transmitter Configuration and Printing a Report
	ACTIVITY 3: Configuring the Transmitter Using Local Operator Interface
	ACTIVITY 4: Smart Meter Verification Using Transmitter LOI and Prolink
	ACTIVITY 5: 5700 Zero Verification Feature
	ACTIVITY 6: Data Logging with Prolink
	ACTIVITY 7: 5700 Transmitter Historian Feature
4:00	End of class
