

## **UOSH 10-Hour Introduction and UOSH Consultation (Evelyn Partner)**

General introduction to OSHA

The differences between OSHA and UOSH

UOSH Consultation and the benefits to the contractor

1 Core CE

### **Evelyn Partner Bio 2023**

Evelyn holds ALCM, AS, and BS degrees in addition to more than 20 years of Federal OSHA Training Institute coursework and the Hazardous Material series from the National Fire Academy. She started working for the Utah Labor Commission, UOSH Division in 2000, and was a Compliance officer until 2008. Since then, Evelyn has worked as a UOSH Consultant, helping primarily public employers comply with OSHA and Utah Code standards. Evelyn is an Industrial Hygienist. She is invited by Utah's employers to visit their facilities, conducting consultation visits to keep their workforce safe and healthy. Evelyn is a certified OSHA 10 and 30 hour General Industry and Construction trainer.
