2023 NEC Significant Changes (Part 1) – 8 hrs of Code Update

The following is a general description of our 2023 NEC Significant Changes Course:

Course Outline:

This class is to inform electrical workers of the most significant revisions and new requirements in the 2023 National Electrical Code (NEC). The coverage of changes provides class attendees with insight and detailed information about the reasons for the change and how these changes impact electrical installations, industry and one's daily work and business operations. (Part 1) will cover Chapters 1 through 4 of the 2023 NEC.

Material/Visual Aids:

Will be using the text, "Significant Changes to the NEC 2023", published by the Electrical Training Alliance and the 2023 "National Electrical Code", published by NFPA.

Attached:

- Schedule of Classes (to be announced)
- Material/Visual Aids
- Class Roster
- Completion Certificate
