

<b>Course Name</b>	Confined Spaces in Construction
<b>Credit Hours</b>	3 Hours
<b>Instructor(s)</b>	Randy Drake
<b>Fee</b>	\$39.00

### **Course Description**

This course focuses requirements set forth in the 29 CFR 1926 to protect employees working in confined spaces such as boilers, elevators, manholes, tanks, incinerators, silos, etc.

### **Learning Objectives**

At the completion of the course, students will be able to:

- Understand 29 CFR 1926 - Subpart AA Confined Spaces in Construction requirements for practices and procedures to protect employees engaged in construction activities at a worksite with one or more confined spaces.

### **Equipment Requirements**

You must have an active, working internet connection to access this course online, as well as a platform to access the internet, such as a computer, tablet, or phone. All popular web browsers are supported, including Google Chrome, Mozilla Firefox, Safari, and Opera. No specialized software, speaker, microphone, or web camera is required.

### **Schedule and Location**

This course is available online at any time at [www.CertifiedTrainingInstitute.com](http://www.CertifiedTrainingInstitute.com). Upon enrolling in the course, students will have access for 180 days or until the agency-issued course expiration date, whichever comes first. After the access expiration date, the course will be visible in the account but no progress can be made. Before the access expiration date, the student may sign in and out of the course as many times as needed to complete the course.

### **Student Support**

Both general and technical support is available to the student before, during, and after taking the course online. Students have access to general customer support via phone, chat, and email. Students have access to the course instructor via email. All questions, concerns, and comments received will be responded to within one business day.

## **Participation/Interactivity Verification**

Timed Logs - Per our company's record retention policy, each student's lesson/assessment completion time is tracked and retained as part of the student record.

Global Timer - Students will not get credit until they spend a minimum of 150 active minutes total in the course.

## **Identity Verification**

Unique Username/Password - Each student that wants to complete a training course with us must create an account by registering a unique personal email address and password. The student must enter this unique identifier every time they take a break from the course.

## **Assessment Details**

Quiz - Please see the attached timeline for quiz question placement. The student must complete all quizzes with a score of at least 70% to progress to the final exam.
