

Course Name	2020 NEC Changes Part 1
Credit Hours	8 Hours
Course Description	This online course will review the first half of the most important changes to the 2020 National Electrical Code. Changes from Section 90 through Section 430 will be covered.
Course Objectives	After completing this course the participant will be able to apply the changes to the 2020 National Electrical Code in common wiring practice.
Reference Materials	NFPA 70 National Electrical Code 2020 Edition
Course Timed Syllabus	Attached
Method of Presentation	This online course presents each code section with commentary, a graphic illustration or photograph, and requires the participant to answer multiple choice questions after reviewing the content.
Schedule and Location	The online course may be taken at any time at www.JadeLearning.com . The student may sign in and out of the course as many times as needed to complete the course. The correspondence course may be taken any time after payment and receipt in the mail.
Attendance Verification	<p>This course uses personal identification questions to verify attendance. A set of five simple personal ID questions are asked of a licensee before they start a course and then again, randomly, throughout the course (at least one question is asked every 30 minutes). All questions have four preset answer choices. The licensee must answer in the same way as they did at the start of the course to be able to continue training.</p> <p>This course also employs an inactivity timer, which will automatically log a licensee out of the training if the system does not sense a mouse click within 30 minutes. At the end of the course, the licensee must affirm their name, that they are the one who completed the course, and verify that their registration information is correct.</p>

Method of Evaluation

The licensee must complete all 100 multiple choice questions with a score of at least 75% in order to get credit for the course. Question choices are randomized so each participant will have a unique testing experience. The course is also timed; participants will not get credit until they spend at least 400 active minutes in the course. Lastly, this course is set up to allow users to go back through the section questions and re-answer questions while they meet the time requirement.

Online Review Access

To review this course, go to www.JadeLearning.com. Click on the orange Login button on the top right and sign into the learning system using the login information below.
