

Speaker: Bren Edwards (and UDOT team)

Presentation Title: Lessons Learned from the recent UDOT Audit

Bio Sketch: UDOT Team

Bio Sketches for the team:

Rhonda Thiele: Rhonda is UDOT's Stormwater Program Manager, who provides a unique perspective after serving as UDOT's MS4 permit writer for nearly 10 years.

Bren Edwards: As a Coordinator, Bren's primary goal is stormwater permit compliance throughout the region's maintenance and construction operations.

Steph McGinnis: Stephanie is an environmental scientist and educator with an interest in water quality as it relates to stormwater best management practices.

Brandon Burrows: Stormwater management professional with compliance experience in both public and private industry.

Bryan Rue: Background in environmental regulatory compliance and geology, with a professional interest in water and air quality.

Sidney Pharr: Environmental scientist currently working in stormwater compliance with a background in wastewater treatment.
