## Public License Individual Search

- Individual Search should be used when searching for a specific individual's license. Search results display more data about the license than is available in the list search, such as license history, discipline details, etc. Individual Search results are real-time.
- Please select the board for the type of license you are searching for. You may also select the specific license type.

Board

Electrical Board

License Type

Electrical Journeyman

- You must indicate either the license number or a name for the licensee you are searching. You are welcome to filter on additional criteria, as well.
