## Michael Schauerhamer

### Profile

Mike Schauerhamer is owner/partner of EPG Testing & Safety Training with 30 years of electrical and 10 years of Safety training experience with 25 years of leadership experience. Mike served on the board of Directors for a major electrical contractor for 16 years and took the safety of over 350 employee's to a level exceeding national standards.

### Objective

My objective is to establish EPG Testing & Safety Training as an industry leader recognized in the equipment testing and safety training industry and known for promoting safety within the workplace. It is also my desire to provide companies with meaningful training and provide a safe work environment through training and testing of protective equipment.

2009-Present
