

Cheryl Wilde

CEO/Trainer/Facilitator

Profile

Cheryl brings 18 years of Corporate training experience, with companies like GTE Health Systems, American Express, Assist International and the Noah Corporation.

She has done internal and external training and consulting, and taught large-group training sessions. In addition, she taught management skills classes and facilitated team building sessions for employees.

In addition to her training experience, Cheryl was also a technical writer, producing technical training manuals, instructional guides and supplemental materials for her training classes.

At Jacques & Associates, we benefit greatly as she helps us improve HR processes and procedures, while helping us with partnering and internal and external training sessions.

Cheryl has a B.A. in Human Resource Development
