

## Brian Van Camp, CPA, MTax

**Brian's passion for developing and implementing strategies has been instrumental to many businesses and individuals during his tenure in commercial banking and as a partner in a tax and accounting firm.**

As a Senior Vice President for a regional bank, Brian spent over a decade serving the banking needs of businesses with annual revenues up to \$20 million. Business owners regularly sought his advice on cash forecasting, commercial lending, cash management, foreign transactions, and cost-benefit analysis of various capital investments and divestitures of assets. He is a graduate of the Colorado Graduate School of Banking, a graduate certificate program that fosters an advanced understanding of the ever-changing banking environment. Brian was consistently recognized by his employer as one of the top ranked bankers in the company.

As a Partner of a tax and accounting firm since 2007, Brian helps his clients navigate the regular changes to the tax laws that impact them, an objective complimented by the knowledge he gained while obtaining a Master's Degree in Taxation from Weber State University. His coursework in corporate, partnership, individual and real estate taxation is an added value to his client base.

Brian completed an extensive program and exam in the field of business appraisals. It is estimated that \$1 trillion of business enterprise value will be transferred to buyers or estate heirs in the next ten years. During Brian's tenure in commercial banking, he supervised the financing packages associated with several business acquisitions and sales. Business owners anticipating ownership changes in the coming years will find Brian's background to be a strong compliment to their advisory board as they prepare for future changes.

He lives in Kaysville, Utah with his wife, Ashley, and daughters Kylie, Madison and Brynlee.
