Objectives

Electrical services & Educator

Experience

Project manager ▪ July, 23,2016 - current
Gardner Electric ▪ 1157 west 2175 south Syracuse UT

I manage multiple projects at any given time. With foreman working under me and working with the general contractors to get Projects completed on schedule and under budget.

I train foreman, apprentice and laborers how to get to the next level in their careers. I also do electrical work on jobs that I manage.

I have been an electrician for the past 10 years. I've gone through the electrical apprentice program and have achieved the license of Master electrician.

As a foreman and project manager I have had the privilege to manage projects big and small, worked with apprentice and journeyman electricians of all skill levels and have been in rolls on the job site the teach them in finishing tasks and more importantly how to grow in their careers.

I have spent many hours working with apprentices on their school work on my own time to help ensure their success.

Education

DATC
4/20/2011 ▪ Electrical Apprenticeship
▪ Master Electrician
