

***SERVICE LEVEL AGREEMENT***  
***FOR***  
***ELECTRONIC TRANSACTION AND ACCESS***  
***TO***  
***CITY OF LOGAN***

THIS SERVICE LEVEL AGREEMENT (SLA) is made and entered into this 21 day of December, 2000, by and between the City of Logan (hereinafter "Logan") and E-Utah (hereinafter "the Network") as an initiative of the State of Utah, to be approved by the Utah Electronic Commerce Council (hereinafter "the Board") under the authority of the Utah Chief Information Officer, upon the following premises:

**RECITALS**

WHEREAS, the State of Utah has entered into that certain Contract for Network Manager Services (hereinafter, "Master Contract") with Utah Interactive, Inc., a for-profit Utah corporation (hereinafter "Network Manager"), to provide electronic access to public records and transactions through a gateway network (hereinafter "the Network"); and

WHEREAS, pursuant to the Master Contract, the Network Manager is to negotiate an agreement with data-providing state governmental entities for the provision of such entity's public records while protecting and securing from unauthorized and inappropriate access to non-public government records;

NOW THEREFORE, in consideration of the mutual covenants contained herein, and for other good and valuable consideration, the amount and sufficiency of which is hereby acknowledged, the parties agree as follows:

**AGREEMENTS**

**SECTION 1: Statement of Purpose.**

The purpose of this agreement is to define circumstances and responsibilities relating to providing on-line electronic access and, if applicable, transactions at Logan's discretion through the Network to certain Non-Confidential Records maintained in electronic form, or which will in the future be maintained in electronic form, by Logan.

**SECTION 2: Term of Agreement.**

This Agreement shall be in full force and effect for a period of time equal to that of the Master Contract between the State and UII, together with any extensions thereto (consistent with the Board capabilities as allowed under Utah State contract No. PD 1068) after the date it is fully signed. Thereafter, this Agreement shall continue for successive monthly periods upon the same terms, provisions and conditions as provided in this Agreement, except that at either party's option, this Agreement may be terminated at any time after the original term of the Master Contract, upon thirty (30) days' advance written notice to the other party. Termination at any time during the original term of this agreement may be granted upon Logan's appearance before the Board explaining the rationale and reason for the Network service termination without cause and the Board's recommendation of the same. Within 30 days of the Board recommendation of Logan's termination request for convenience, the State will provide written notice to both the Network and Logan establishing the effective date of the Network service termination. Absent this action, this Agreement remains effective.

### SECTION 3: Definition of Terms.

- a. Data records - information maintained in electronic form for communication or processing.
- b. Network users - individuals or organizations who use the Network for computer assisted research, information retrieval and electronic transactions.
- c. Agency division(s) - a Logan section or unit serviced by Logan's internal computer section, and whose data files are available to other sections or units of Logan, and sometimes to other agencies besides Logan.
- d. Public Record(s) - a record that is not private, controlled, or protected and that is not exempt from disclosure.
- e. Non-Confidential Records – Public Records and such Private records as the division director may authorize. Such to be outlined in a Schedule A to this agreement.
- f. Application - the development of one particular database of Non-Confidential Records on the Network or the Software Bridge to one particular database of Non-Confidential Records stored elsewhere for information lookup or one particular electronic transaction for gathering data or processing requests from the public (such as filings or permit applications) and the user interface to allow public access and/or interaction with the same on-line.
- g. Transaction – the electronic filing or gathering or dissemination of data by an governmental entity for a governmental purpose.
- h. "Premium services" means those services or information that are made available in such a way that they have commercial value or add convenience to the user.

### SECTION 4: Utah Logan Responsibilities.

Logan will:

- a. Oversee the timely and effective performance of this Agreement from Logan's perspective, and assist the Network in resolving constructively any problems thereunder and any new issues that arise in connection therewith.
- b. Provide reasonable levels of support to any Logan central data or computer department or service, and to any Logan division(s), in placing on-line with the Network, Logan non-confidential records as mutually agreed between Logan and the Network, with due regard to the workload and priorities of the Network, and with due regard to the desires and needs of users of, and subscribers to, the Network.
- c. Direct the central Logan data or computer department or service to perform as follows:
  - i. When requested, help in interpreting Logan's Non-Confidential Record data for users or subscribers to the Network, provide a point of contact for such interpretation; provide advice on display screen designs when consulted, and cooperate with the Network in placing onto the Network, Logan Non-Confidential Records as mutually agreed between Logan and the Network, with

due regard to the workload and priorities of the Network, and with due regard to the desires and needs of users of, and subscribers to, the Network.

ii. Provide computer access for the Network to Logan Non-Confidential Records as permitted by Logan, subject to interruption of service pursuant to SECTION 9, by an acceptable method, such as by electronic transmission, by disk, by email, or by some other acceptable method.

iii. Provide reasonable response time of on-line electronic inquiry within limitations of Logan system resources and budget constraints.

iv. Provide reasonable levels of problem determination support to help isolate problems when requested, and if the problem resides on Logan's end of the system, provide reasonable fixes or repairs consistent with Logan's operational priorities.

v. Have final control and responsibility for security authorization of the Network (in cooperation with any agency division(s)) in granting access to its data to the Network (the Network users will not directly access Logan system; it is only the Network host that accesses the system or transactions).

d. Direct Logan's division(s) to perform as follows:

i. When requested by the Network, help in interpreting the Non-Confidential Record data for users or subscribers of the Network; provide a point of contact within the agency for such interpretation; provide advice on display screen designs when consulted; and cooperate with the Network in placing Non-Confidential Records onto the Network as permitted by Logan, but only if desired by the Network users or subscribers. Logan may also volunteer such assistance to the Network at Logan's initiative.

ii. In the absence of a central Logan data or computer department or service, perform those duties and responsibilities outlined in subparagraph c. of this SECTION 4.

e. Assist the Network in determining the information from Logan necessary to comply with the cost recovery portions of the Utah Public Records law as necessary.

f. To cooperate in establishing with the Network a recommendation to the Board of a reasonable charge for any access or transaction for which the same is appropriate.

#### SECTION 5: Network Responsibilities.

The Network agrees:

a. To recognize that authorized on-line access or transactions provides no right to possession or ownership of Logan data records at any time.

b. To take all reasonable precautions to protect against unauthorized access to Logan's data records.

c. To provide all equipment, software, and supplies necessary to establish electronic access to Logan Non-Confidential Records.

#### 4 of 8 *Service Level Agreement*

- d. To abide by Logan's administrative regulations which may now be in force or effect or which may in the future become effective.
- e. To recognize there is no express or implied ownership of Logan's equipment by the payment of any fee or charge to Logan.
- f. In the event of for-a-charge access to any Logan Non-Confidential Records or transactions, if any, to prepare and submit to Logan a monthly statement accurately reflecting usage associated with same, and if any portion is payable to Logan by statute, to bill, collect and remit the same monthly along with the statement, in accordance with the standard terms of the Master Contract.
- g. To keep such records as are required to document usage associated with providing access to Logan's Non-Confidential Records and to provide Logan access to these usage records at reasonable times for auditing purposes if so requested by Logan.
- h. To cooperate with Logan and its division(s) in placing data records onto the Network as permitted by Logan but only if desired by the Network users or subscribers, including securing proper access from the appropriate authority for, and providing necessary security to, each type of Non-Confidential Record desired, and only to the extent of reasonable Network resources.
- i. To recommend to Logan and the Board priorities for development and revision of agency applications, and to periodically reexamine the priority assigned as may be necessary, and to work diligently to accomplish each agency application in accordance with the relative priority among all agency applications.
- j. To lead the process of determining such premium service applications in order to provide resources to develop, maintain, manage, operate and expand the network, including conducting market research, and to develop, in cooperation with Logan, a recommendation to the Board on which services to provide including proposed data access charges.

#### SECTION 6: Illegal Provisions.

If any provision of this Agreement shall be declared to be illegal, void or unenforceable by a court of competent jurisdiction, the other provisions shall not be affected but shall remain in full force and effect.

#### SECTION 7: Termination for Cause.

At Logan's option, this Agreement may be terminated immediately upon the occurrence of any of the following:

- a. The Network's allowance of unauthorized access prohibited by this Agreement.
- b. The Network's material breach of any term, provisions or condition of this Agreement.

At the option of the Network and subject to review and concurrence by the Board, a particular service application may be terminated if there is insufficient interest demonstrated by the Network users or subscribers in it; and this Agreement or a particular service may be terminated immediately for a continuing failure of Logan to keep fresh and updated in accordance with the schedule between the Network and Logan, the information to which electronic access is furnished by the Network.

#### SECTION 8: Logan Copyright and Content Non-Supervision Acknowledgment.

## 5 of 8 *Service Level Agreement*

Logan represents to the Network that the content materials furnished to the Network by Logan for electronic access on the Network do not violate any third party's copyright rights under federal law. Further, Logan acknowledges that the Network exercised no control, censorship, or direction over the content of Logan's Non-Confidential Records or the links Logan may request to other non-Network sites which may be made available on the Network.

### SECTION 9: Interruption of Service.

Logan shall use its best efforts to provide adequate and uninterrupted service under the terms of this Agreement. However, Logan shall not be liable for interruption of service when the same shall be due to circumstances beyond the control of Logan, its agents or employees, including but not limited to unanticipated equipment malfunction or periodic maintenance or update of the computer system or systems upon which such data records reside which could not have been prevented with regular maintenance.

### SECTION 10: Assignment.

This agreement may not be assigned by the Network without the prior written consent of Logan and any such assignment of this Agreement without such permission shall be null and void.

### SECTION 11: Notices.

All notices shall be in writing and shall be directed to the parties to this agreement as shown below or by electronic means mutually agreed to by the parties:

To the Board:                      Mr. Alan C. Sherwood  
Chair, Utah Electronic Commerce Council  
116 State Capitol  
Salt Lake City, Utah 84114

To the Network:                      Richard L Brown  
Network General Manager  
Utah Interactive, Inc.  
Post Office Box 3266  
Salt Lake City, Utah 84110

To Logan:                                      Mayor of Logan  
City of Logan  
255 North Main  
Logan, Utah 84321

### SECTION 12: Data Records to be Accessed.

The Non-Confidential Records and transactions to be accessed under this Agreement are as follows:

- a. Those listed on the attached Schedule A.
- b. Such others as may in the future be mutually agreed between Logan and the Network by executing a Schedule A Addendum.

## 6 of 8 *Service Level Agreement*

### SECTION 13: Electronic Commerce with the State.

In addition to developing applications which will permit electronic access to Logan Non-Confidential Records, the Network and Logan will cooperate in exploring ways in which it may be possible to further develop applications which will permit electronic filing of documents and electronic communications and other transactions from the Network users or subscribers with Logan, with the goal of developing such applications as may be appropriate, with due regard for any limitations or constraints upon either entity.

### SECTION 14: Logan Access to Records from Other State Agencies with a Fee.

Logan is able to access free-of-charge all state information on the Network for which an electronic access charge is associated, if Logan has Internet access. Logan acknowledges that neither the Board nor the Network governs Internet access for state agencies. For information from other state agencies which is available on the Network and for which an electronic access charge is associated, Logan acknowledges and agrees that such access is governed by Board policy. That policy currently provides that an agency may obtain an agency account with the Network to obtain for-charge electronic access to records from other agencies without charge, PROVIDED that such records are accessed for internal agency use only, and that such records are neither resold nor furnished by Logan outside its agency.

### SECTION 15: Construction.

This Agreement shall be construed in accordance with the laws of the State of Utah.

### SECTION 16: Paragraph headings.

The paragraph headings are inserted in this Agreement for convenience only and shall not be used in interpreting this Agreement.

### SECTION 17: Total agreement.

This agreement constitutes the complete and exclusive statement of the agreement between the parties hereto. No amendment, waiver or alteration of this Agreement shall be effective unless signed by an authorized officer of each of the parties to this Agreement. Any oral agreement or representation shall bind neither Logan nor the Network.

### SECTION 18: Incorporation of Clauses from Master Contract.

To the extent relevant, those clauses found in the Contract For Network Manager's Services dated May 7, 1999 by and between Utah Interactive, Inc., and the State of Utah, are incorporated herein by reference as though fully set out. Any provision in this agreement found to be in conflict with the Master Contract shall be resolved in favor of the contract.
