

SCHEDULE A ADDENDUM TO THE SERVICE LEVEL AGREEMENT BETWEEN UTAH INTERACTIVE AND THE UTAH DEPARTMENT OF HEALTH

This document will serve as the latest Schedule A addendum to the Service Level Agreement with the Network, Utah Interactive, adding additional Utah Department of Health, Children's Health Insurance Program Division, transactions or services to the Network, subject to Council approval.

Proposed Service: Children's Health Insurance Program Online Application

AGREEMENTS

1. Access By the Network Manager. The Department of Health, Children's Health Insurance Program Division, authorizes the Network Manager to provide electronic access to allow Online Children's Health Insurance Program applications in accordance with this Agreement. The description of Service is as follows:

This service will allow families the ability to apply for the Children's Health Insurance Program, a program jointly funded by the Federal and State governments, online. The application allows the user to complete the online CHIP application form by entering in personal, household, insurance and income information. The administrative interface allows eligibility office personnel the ability to view those CHIP applications that have been submitted online.

2. Record Classification and User Access. The Department of Health, CHIP Division, represents to the Network Manager the record classification: Confidential and Private

The Network Manager certifies that they will offer the following security and authorization for access to the application outlined above:

This application will reside on a secure server that uses Secure Socket Layer (SSL) that will encrypt data transmission between the server and the users browser for the Web service.

3. Record Supply Costs and Computer Programs. The Network Manager shall be responsible for costs and expenses in establishing access to the records and providing record transactions to Users and Subscribers, including without limitation, the cost for purchasing or developing and maintaining all programs used to interface with the Department of Health, CHIP Division, computer programs and to access the Records. Computer programs used by the Network Manager shall:
 - a. Protect information from unauthorized access;
 - b. Supply records to Subscribers on a timely basis in an accurate, understandable and logical format acceptable to the Department of Health, CHIP Division;
 - c. Be prototyped for the Department of Health, CHIP Division, tested by the Network Manager and the Department of Health, CHIP Division and approved before it is offered to the public.
4. Use messages. If required by the Department of Health, CHIP Division, the Network Manager shall cause the Network to require Users to signify online that they will comply with any restriction
